Trash bags for safe disposal of contaminated waste
Amazon ↗

E Documentation & Essentials

Waterproof Pouch (or zip-lock bag) ~$10
Contains: student ID copy, insurance card, medication list
Amazon ↗

Small Amount of Cash On hand
$20–40; card readers may be unavailable

Spare Glasses / Contact Lens Supplies On hand
Or a written prescription; often forgotten in emergencies

F Mental Health & Stability

Notebook + Pen On hand
Journaling; also for coursework during isolation

Comfort Item (tea, snack, etc.) ~$3
Psychological stability improves adherence to health guidance

Book or Offline Downloaded Content On hand
Reduce screen fatigue; maintain cognitive engagement

HOW THIS KIT DIFFERS FROM STANDARD CDC / FEMA GUIDELINES

- Removed heavy water/food stockpiles — dorm access to campus dining limits storage feasibility
- Added mental health section — isolation in dorm housing creates distinct psychological risk
- Added high-filtration masks and rapid tests — not included in general FEMA emergency kits
- All items compact and portable — fits in a single backpack for a mobile, high-density living context
